Other Business before the Board

Preceptorship in DE

The Board discussed the language from the Georgia statute regarding preceptorship. Mr. Maloney applied Texas's statute to the Delaware rules and regulations. The Board reviewed the documents and made some amendments. Mr. Maloney will make the suggested amendments and bring the final draft to the next meeting. Once the Board approves the form, Mr. Maloney will then start the regulatory process. The Board advised Ms. Brown that a chiropractic preceptorship application will be needed. Ms. Brown stated that she will locate the preceptorship application used in Georgia and other states and bring them to the next meeting to review.

Reciprocity-proof of active practice for 5 years

Section 3 of SB 114 of the bill enables licensure by reciprocity for chiropractors who were licensed prior to an examination requirement upon demonstrating active practice for 5 years in another jurisdiction. The division is in the process of updating the application to coincide with the Delaware Code. The division is inquiring about how the Board is going to determine if an applicant has been "actively" practicing for the last 5 years. The Board suggested a signed affidavit or a sworn statement from another professional or licensed chiropractor that can verify active practice for the last 5 years.

Discussion of NBCE Delegate & Alternate Delegate

Ms. Brown asked the Board to nominate the delegate and alternate delegate for the state of Delaware. The Board nominated Dr. Bohl for the Delaware delegate and Dr. Mahoney for the Delaware alternate delegate.
